

# Gammapy Overview & Status

Axel

Coding Sprint, Granada, Nov. 18th 2019

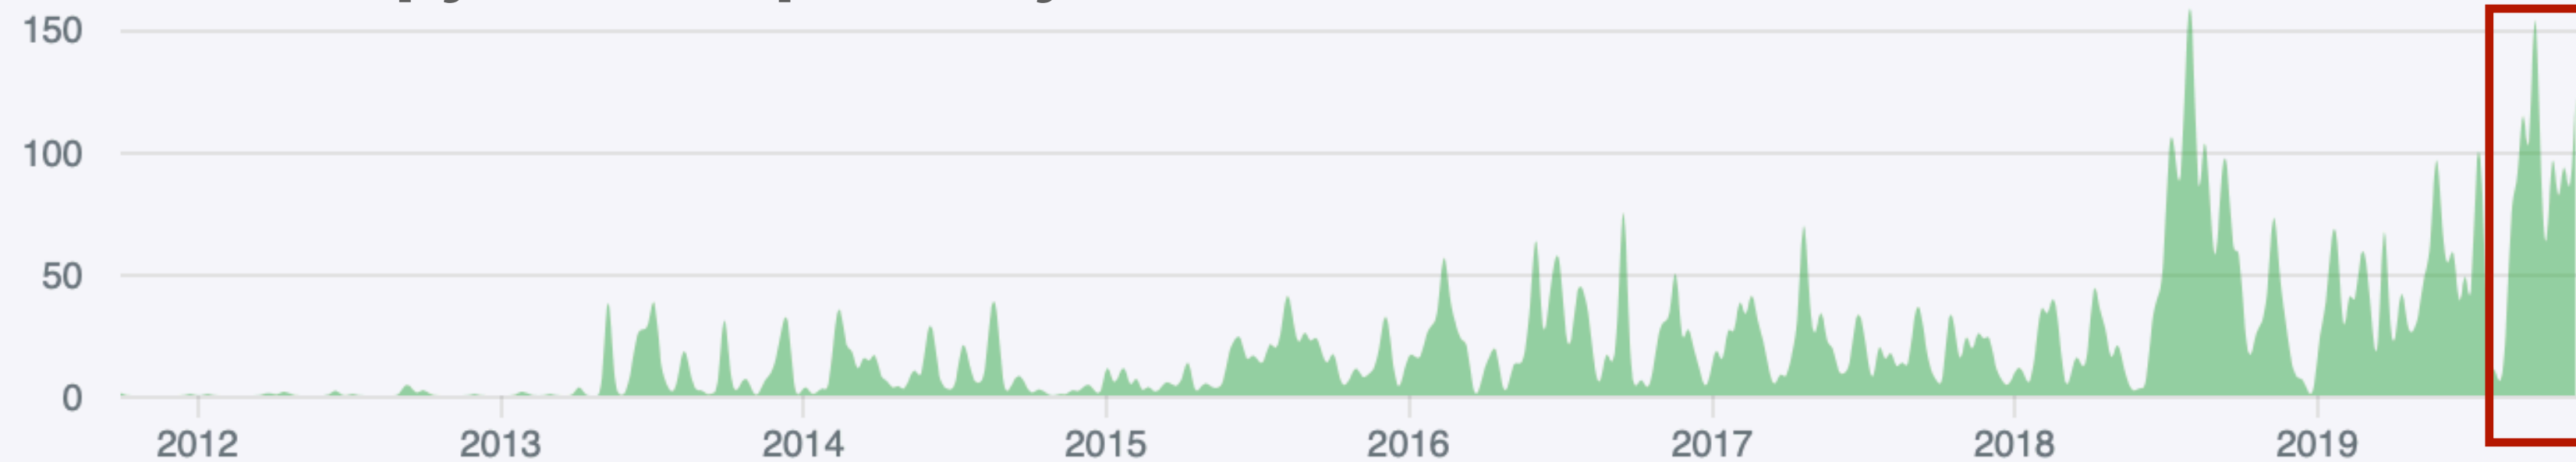

# Activity in the past ~4 months

- Last coding sprint in Erlangen was in July
- v0.13 and v0.14 release since then
- Tutorial at HESS meeting Annecy: >20 participants
- Tutorial at CTA meeting Bologna: >20 participants
- Validation paper by Lars Mohrmann published
- Current draft for the v0.15 changelog

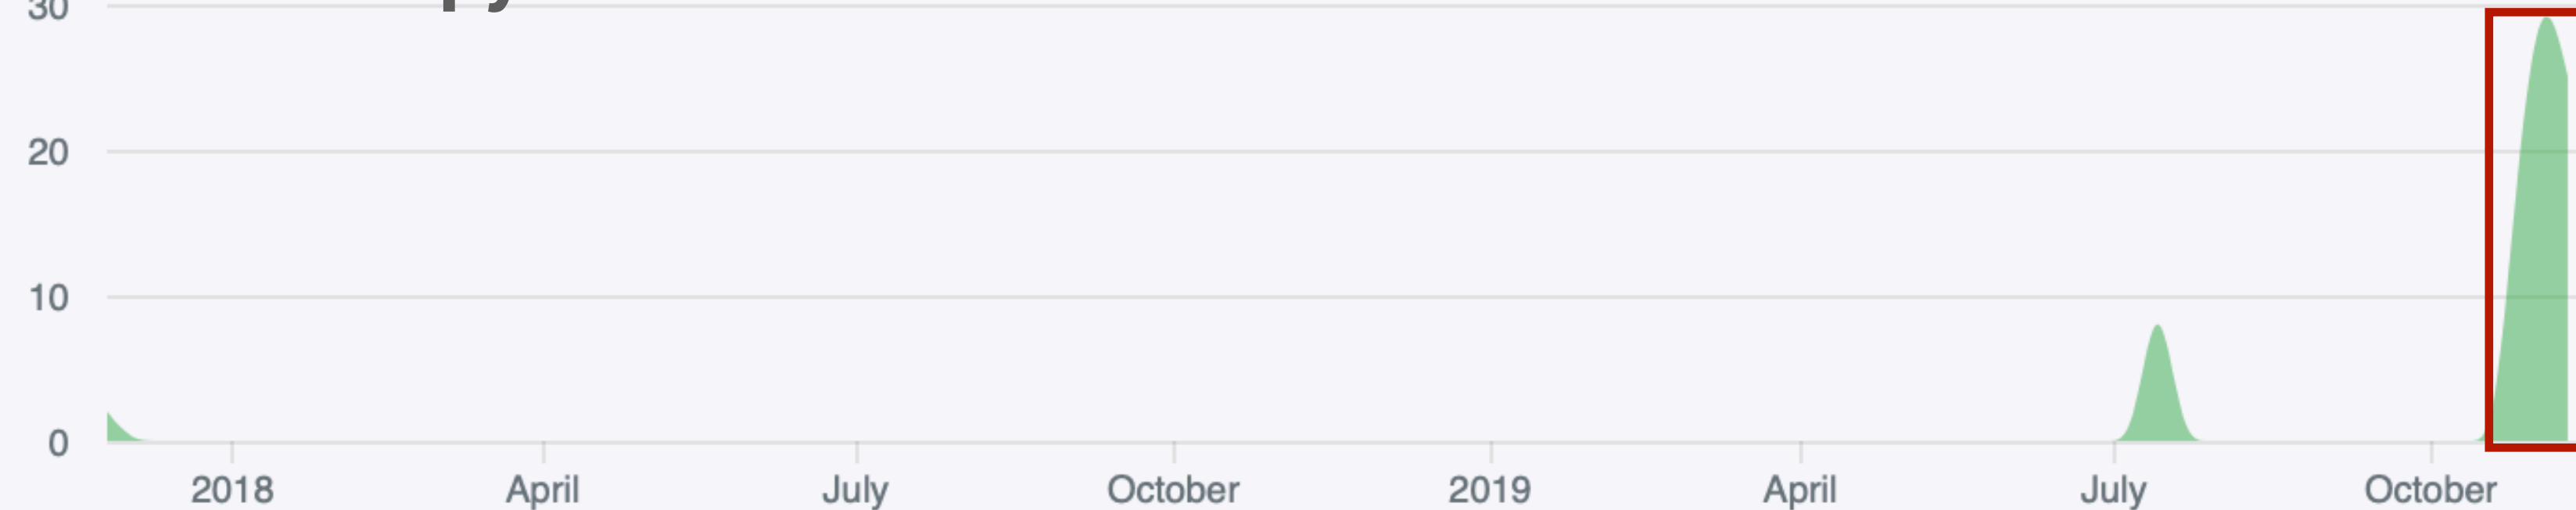

# Activity in the past ~4 months

**One of the most active  
times in Gammapy history...**

Gammapy benchmarks

# Plans

- **Before v1.0:**
  - v0.15 release planned for Dec 2nd, 2019
  - User testing event in Paris Dec 4th, 2019
- **v1.0 release scheduled for Dec 16th, 2019**
  - Will we stick with the timeline for v1.0? (let's work hard this week and discuss Friday...)
- **After v1.0:**
  - Write roadmap 2020 (start writing next year...)?
  - Continue 2 months release cycle, but do bug-fix releases for 1.0
  - Organise next coding sprint (Fabio Pintore already expressed interest to host it in Milano...)
